INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, publishers of the Burlington City Directory since 1935, present to subscribers and the general public, this, the 1956 edition of the Burlington City Directory, which also includes Alamance, Elon College, Glendale, Graham, Haw River, and Hopedale. A new feature, the Numerical Telephone Directory, marks this edition.

Confidence in the growth of Burlington's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Burlington to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Burlington Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments
(Each department beginning with Page 1)

The five major departments are arranged in the following order:--

I. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the first major department, printed on white paper. This is the only record in existence that shows the name, marital status, occupation and address of each adult resident of Burlington and vicinity, and the name, official personnel, nature and address of each firm and corporation.

II. THE BUYERS' GUIDE, the second major department, printed on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Burlington and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Burlington, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

III. THE CLASSIFIED BUSINESS DIRECTORY is the third major department, printed on canary paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the fourth major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

V. THE NUMERICAL TELEPHONE DIRECTORY, a new feature, is the fifth major department printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Burlington and vicinity.

The Burlington Directory Library

Through the courtesy of the publishers of the Burlington City Directory, a Directory Library is maintained in the offices of the Burlington Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U.S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Burlington and Alamance County

(Courtesy Burlington Chamber of Commerce)

STATISTICAL REVIEW (CITY OF BURLINGTON)

Form of Government—Council-manager.

Population—24, 560 (1950 U. S. Census). Also 15, 000 additional in suburban area. American-born 99. 4 %.

Area—7 square miles.
Altitude—656 feet above sea level.

Climate—Mean annual temperature, 59. 6 degrees F. ; average annual rainfall, 50. 21 inches.

Parks—4, with total of 128 acres.

Assessed Valuation—$63, 864, 239, with $1. 50 per $100 tax rate, based on 33 1/3 % valuation.

Bonded Indebtedness—$3, 746, 000.

Financial Data—2 commercial and 2 industrial banks; 2 building and loan associations.

Telephones in Service—19, 229.
Churches—37, representing 15 denominations.

Building and Construction—Value of building permits, $4, 160, 000 in city and immediate suburbs (1950).

Real Estate—7, 720 homes, with about 60 % owned by occupants.

Industry—Chief industries of city and surrounding territory: Manufacturing and agriculture. 119 manufacturing establishments, employing 18, 300 workers, and paying wages of $80, 000, 000 annually (metropolitan area only). Principal manufactured products: Hosiery, rayon, silk fabrics, dairy products and electronics.

Trade Area—Extends 8 miles west and 20 miles in other directions, with total population of over 125, 000.

Newspapers—Burlington Times-News (daily); Alamance News (weekly).
Hotels—2 principal, with total of 153 rooms. Numerous smaller hotels.

Radio Stations—Alamance Broadcasting Co. (WBBB) AM and FM; Burlington-Graham Broadcasting Co. (WFNS) AM and FM.

Railroads—Southern.
Highways—U. S. 70; State 49, 54, 62, 87, 93, 100 and 103.
Airports—2 (1 commercial, 1 private).

Amusements—Largest auditorium in city seats 2, 500 persons. 4 moving-picture theatres, with total seating capacity of 2, 500 persons. 2 golf courses.

Hospitals—6, with total of 200 beds.

Education—Elon College 4 miles west. 11 public schools, including 1 senior high and 2 junior high. 1 parochial school. Number of pupils in public schools, 5, 830; teachers, 191.

Public Libraries—1, with 35, 298 volumes. Also school libraries maintained separately.

McCLURE FUNERAL SERVICE
I. C. HARRIS LUMBER CO.

Aerial View of City

City Statistics—Total street mileage, 110.7, with 49.7 miles paved. Miles of gas mains, 38.8; sewers, 55. Number of water meters, 7,000. Capacity of water works (municipal), 5,500,000 gallons; daily average pumpage, 4,000,000 gallons; miles of mains, 70. Fire department has 22 paid men and 30 volunteers, with 2 stations and 5 pieces of motor equipment. Police department has 38 men, with 1 station and 7 pieces of motor equipment.

IN THE PIEDMONT REGION

Availability

Within 600 miles from the boundaries of Piedmont Carolinas lie New York, Chicago, Philadelphia, Detroit, Cleveland, Pittsburgh, St. Louis, Little Rock, New Orleans and Miami.

In other words, any part of this section is only about one day's railroad travel from the nation's chief centers of population and industry--a consideration that counts heavily in the distribution and marketing of manufactured goods.

From any part of the Piedmont it is only a few hours by automobile over modern paved roads to the wonderful recreational facilities of the mountains in the western Carolinas, to the world-known resorts in the Sandhills—internationally famous for their golf courses—and to the great seaside resorts along the Atlantic Coast.

Labor

Greater than any other resource of Piedmont Carolinas is the character of its men and women. This has made the industrial development possible and attracted a host of manufacturers.

Long before the Revolution these pioneers ranged down the valleys of the Appalachians from Pennsylvania, Maryland and other states. Largely of English stock, with admixtures of German and Scotch-Irish, they settled in the hilly Piedmont section. Their descendants are true to those early traditions. They are energetic and ambitious. It is these qualities that years ago overcame the handicap of debt and stagnation left by the Civil War. They are keen to take their place in the forefront of the nation's development.

Manufacturers coming from older, over-industrialized sections, have been struck by the ready intelligence of these people, their eagerness to be taught, and their loyalty.

National Market

Piedmont Carolinas is 300 miles closer to the country's center of population than, for example, New York City. Based on the Life Insurance Sales Research Bureau studies, careful percentages have been worked out for every county in the U.S. in terms of ability to buy.

A 600-mile circle (the economical marketing radius) center on New York reaches 44.5 % of the national purchasing power. Centered on areas farther north and east, a smaller proportion of the national market will be included.

A similar circle drawn from Piedmont Carolinas embraces 66.8 % of the country's purchasing power—a 50 % greater availability to the national market.

Cost of Living

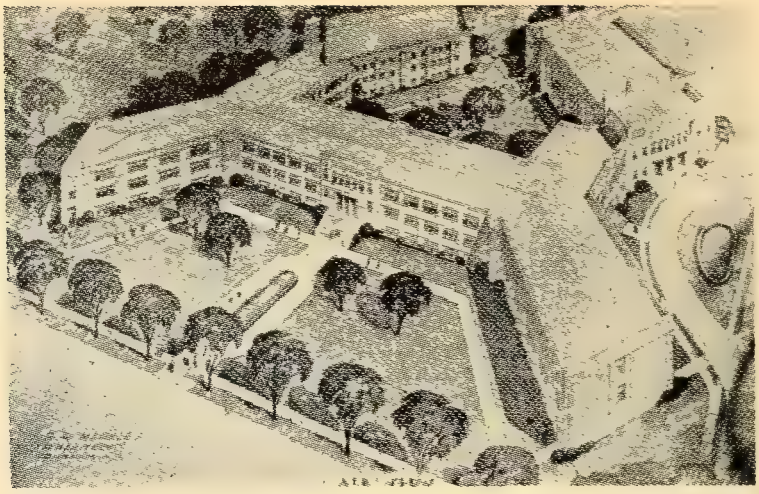

It has been estimated by one authority that the cost of living averages each Piedmont workman several dollars per week less than an equal standard of living costs in more highly industrialized parts of the country. Houses cost less; food costs less. The mild climate requires lower fuel and clothing costs. Naturally labor costs less.

CIVIC FEATURES

Location and Area

Alamance County is located in the famous rapidly-developing industrial area known as the Piedmont Section. It lies between north latitude 35 degrees

McCLURE FUNERAL SERVICE
J. C. HARRIS LUMBER CO

Walter Williams High School

Burlington High School Stadium

52 minutes and 36 degrees 17 minutes and west longitude 79 degrees 16 minutes and 79 degrees 34 minutes, in the north central section of the state. (Burlington's altitude is 656 feet). The county has 492 square miles land area, or 314,880 acres.

History and Peoples

The following is quoted from a study by John W. Harden, entitled "Alamance County: Economic and Social," and published by the University of North Carolina: "It is not known exactly when the early settlers came to the region which is now Alamance County, but in 1700, when Lawson, an English explorer and adventurer, journeyed through this locality, he found it heavily forested and in the hands of the Saxaphaw Indians, with only a few scattered whites present.

"It seems that this section of the state was first settled by emigrants from the Rhine River section of Germany, known as the Palatine."

"These early settlers were augmented in 1720 by immigration of settlers from the North, and it was this movement that gave the region its first white

inhabitants in any number. These came from Virginia, Maryland, Pennsylvania, New Jersey, and even the more distant New England. The newcomers were mostly Scotch-Irish, German and English families, the last being mainly Quaker in religion.

Population

In 1930 the population within Burlington's city limits was 9,737, with several thousand in the immediate suburbs. According to the 1950 U.S. Census, the city's population was 24,560.

Within a two-mile radius of the City Hall there are now 40,000, while a four-mile radius will take in over 50,000, or over 50 % of the population of the entire county.

The following are 1950 population percentages for Burlington:

Native white	88.0 %
Foreign-born white	0.6 %
Negro	11.4 %
Total native-born	99.4 %

The population of Alamance County during the 1940-1950 decade increased 25 %, while the population of Burlington increased 100 %.

Churches

The essential religious atmosphere of the community and its influence on Burlington's citizenship are indicated by the presence of 37 churches (32 white and 5 colored), including all leading denominations, this being a ratio of one church to every 650 of the population. Total membership in local churches is around 18,000.

Education

COLLEGES AND UNIVERSITIES--Within a two-hour automobile ride of Burlington, within North Carolina, are at least seventeen white colleges and universities of the first rank, and several within this radius in the neighboring state of Virginia, making a total of more than twenty. Of these, four are State institutions and ten are denominational. There also are a number of Negro educational institutions, State, denominational and private, within the same area.

Elon College, supported by the Christian Church, is located four miles from Burlington, and is one of the best equipped educational institutions in the state, as to buildings, strength of faculty, and equipment.

CITY SCHOOLS--The Burlington city public schools rank among the best in the state. The local school district has eighteen buildings, of which thirteen are white and five Negro, the district embracing Burlington and its suburbs. At the close of 1955 the faculty consisted of 256 teachers, the enrollment of students being a total of 6,330. Classroom and laboratory equipment, library, auditorium, gymnasium and playground facilities are adequate.

The public school system is governed by a local board of education and a superintendent under the supervision of the State School Commission, and is financed principally from State funds, the State having assumed the support of all public schools through a state-wide system set up in 1933 by legislative act.

Burlington has a business college giving commercial classes, bookkeeping and stenographic instruction.
There are also several private kindergartens and a parochial school.

LIBRARY--A public library, supported by the City and County, has 35,298 volumes, while the circulation for home use in one year totaled 228,682. This does not include use within branch school libraries.

Recreation

Burlington is within a few hours' ride of the noted beach resorts along the

McCLURE FUNERAL SERVICE
I. C. HARRIS LUMBER CO

coast, the nationally-known sandhill resorts around Southern Pines and Pinehurst, and the far-famed summer mountain resorts surrounding Asheville, in the western part of the state.

There are many game preserves in the area. Bear and deer are found in coastal and mountain counties. Raccoons, foxes, opossums, quail and rabbits are available throughout the state. Brant, ducks, geese and other migratory birds winter in large numbers on the coast and there is also excellent fishing along the coastal sounds and in the lakes and streams of the interior.

Within an easily-accessible distance of Burlington are excellent hunting and many streams and lakes for fishing.

Alamance Hotel

Within the city are playgrounds at each of the schools, baseball and football fields, several parks, a number of tennis courts, the Alamance Country Club with an excellent 18-hole golf course, new 18-hole public golf course, "Shamrock", four theatres, and a year-'round recreation commission program. A large park with stadium, swimming pool and complete recreational facilities are available for the public.

COMMERCIAL FEATURES

Trade Area

Burlington's retail and wholesale trade area covers a radius of fifteen to twenty miles, including all of Alamance County and parts of the five adjoining counties, this area having a population of over 125,000.

The volume of retail business in Alamance County, was $64,163,000 last year, and of this amount, Burlington's stores did a retail volume of $46,462,000. Burlington ranks twelfth in population in the state, but rated eleventh in retail sales. Per capita annual income for Burlington is $1,693, and per family, $6,045. The city is rated among North Carolina cities in effective income fifth per capita and fourth per family.

Local Stores

A recent survey of the nearby trade area indicated the decided preference of customers within Burlington's area for patronizing local stores, because of the excellent quality and service, the variety and the prices of commodities, which compared favorably with those of cities much larger. There is a very small percentage of mail-order and out-of-town shopping. Approximately 88.4 % of those in the Burlington area buy in Burlington.

Hotels

The city has two commercial hotels—the Alamance, with a capacity of 200, there being a total of 85 rooms (24 double and 61 single), all with bath, on the first floor a dining-room, on the mezzanine a private dining-room, and a ball-room on the second floor; and the Piedmont Hotel, with a capacity of 100, having a total of 68 rooms, of which 53 are single and 15 double, some with bath and some without.

There also are a large number of private rooming houses and boarding houses, as well as ten apartment houses.

Financial Institutions

Two commercial and two industrial banks. Two building and loan associations. Six personal small-loan companies within the city, which are in position to handle local commercial and financing needs along sound lines.

Transportation

RAIL—Railway passenger and freight service over the Southern Railway lines connects with all other rail routes, there being three passenger trains each way daily, with through Pullman and sleeper service to important points. Burlington is only one night out of New York by rail.

Freight service time between Burlington and New York, Philadelphia, Baltimore

Knoxville	Two days
Savannah and Atlanta	Three days
New Orleans	Four days
Memphis	Four days
Chicago	Five days

Street Scene

"The Bees," Burlington Baseball Club

Scene at South Main Street City Park

Six package cars operate daily to junction points. Daily through freight service is furnished on three of four trains each way. Local freight service both ways every other day, switching service to and from Greensboro each day except Saturday. Local side-trackage sufficient for some 600 cars.

EXPRESS--Adequate express facilities are furnished by the Railway Express Agency. Express delivery time: Between Burlington and New York City, 16 to 17 hours; Washington, eleven hours; and other major points on schedules equally prompt proportionate to distance.

BUS--Hourly passenger bus schedules are maintained in every direction, making connections for all points, while several short-line bus services are in operation to nearby towns and a local bus service operates on regular routes within the city and to nearby industrial sections. There is, of course, adequate local taxicab service.

MOTOR TRUCK--Twelve long-distance motor truck freight lines with local terminals operate from or through Burlington on daily schedules north and south to the larger cities, making connections for Western and Eastern cities.

AIRPLANE--A commercial airport, operated by the Burlington Flying Service, located two miles west of the city's business section, is equipped with two hangars, and has repair service and other supply facilities, telephone, taxi and bus connections with the city, with several passenger planes available on the field, making possible connections with the major established air mail and passenger routes. Fairchild Field, east of the city, is operated by the Alamance Flying Service.

INDUSTRY

Alamance County's industrial history dates from the year 1837, when Edwin M. Holt, who was born and reared in the county, established a cotton mill on Alamance Creek, four miles southwest of Burlington.

About 1854 this mill began the production of colored woven cotton fabrics, the first in the South to produce this material.

In 1887, when Burlington acquired its name, there were three cotton mills, one coffin factory, and a few smaller plants. Today there are 30 hosiery mills, 15 other textile and 33 miscellaneous--a total of 78, in a community with a population of 24,560. There are 41 other plants, principally textile, located in the remainder of the county.

Industrial expansion has been steady. The Lafayette Mills were established in 1881; the E. M. Holt Plaid Mills in 1883; the Lakeside Mills in 1893. In other parts of the county the older plants include White Furniture, in 1881; Durham Hosiery Mills, in 1898; Virginia Cotton Mills, in 1894.

Burlington has become known as one of the leading hosiery-mill centers of the country. According to latest available census data, only five cities of the U. S. outrank Burlington in production, only one of these being in the South, while Burlington leads the South in number of plants. The first hosiery mill here, the Daisy, was established in 1896, followed a few years later by the Burlington Knitting Co., the Whitehead Hosiery Mill, the Sellars Hosiery Mill, the May Hosiery Mills, and the McEwen Knitting Mills--the last being the first in the section to manufacture full-fashioned hose. These were followed by many others, most of which are still operating.

Beginning in 1923, with the establishment here of the Burlington Mills, the rapid expansion of this group of plants, now numbering seven in and near the city, with some twenty in other cities in the area, has brought the weaving industry to the forefront, making the city known for dress goods, art silk, tapestries, and other cotton, rayon and silk fabrics, as well as for hosiery.

The E. M. Holt Plaid Mills, which have celebrated their 60th anniversary, also entered the rayon and silk-weaving field a number of years ago, and have several plants in Burlington and the county. This plant was purchased by Burlington Mills in 1939.

These groups and several others have made Burlington one of the country's leading centers in this textile field.

McCLURE FUNERAL SERVICE

Homes in Burlington's Residential Section

In 1942 Fairchild Aircraft Corp. established a plant here, which produced war planes during the war. In 1946 Western Electric Company established a plant here which produces electronic equipment and works about 3,500 people.

Other industrial lines represented by local manufacturing plants are lumber, building material, brick and stone, insecticides, disinfectants, caskets, soft drinks, ice, mixed feeds, dairy products, baking, printing, proprietary medicines, cosmetics, gas, paper boxes, foundry and machine shops, foods and textile supplies.

Among the 3,073 counties in the U.S., Alamance ranks 216th in number of manufacturing plants, and 203d in number of wage-earners.

INDUSTRIAL PAYROLLS in the Burlington area average well over $80,000,000 annually, with 18,700 persons employed. Indicative of the steady industrial growth, in the past fifteen years, the average number of new plants per year was eight.

THE FUTURE—SOME COMMENTS

During the severe economic crisis of 1930-34, this sturdy city fought the depression and conquered it.

"No town in the state has shown its ability to come back better than the city of Burlington," declared a newspaper man from another Carolina city, and Burlington citizens have made that reputation possible, both by individual and collective community effort.

The late Franklin K. Lane, one-time Secretary of the Interior made the following statement in one of his addresses: "The region of central North Carolina, stretching from the Blue Ridge Mountains to a point about Goldsboro, is destined to become the greatest industrial area in the U.S., because of its great industrial advantages and economics." Burlington and Alamance County are situated midway in this region and bid fair to prove the validity of his statement.

The late Irvin S. Cobb said: "Let some statistician tell a tale in exultant terms of bank clearings and enlarged bank deposits, exports, advancement of wealth and production. Going only by what these two eyes have seen, I proclaim that North Carolina today is the foremost state of the Union in material progress, in public spirit, in educational expansion, and optimism of outlook."

Burlington's development, although not as rapid as some other cities, has not, like many of them, been of the "boom" type, or "one-sided," but rather a steady, sound, substantial one. This underlying economic soundness has borne fruit.

With vast markets awaiting the products of Burlington's industry, diversified farming assuring its agricultural progress, and established retailers equipped with facilities and the experience to serve best their customers' needs, the city can reasonably look forward to the greatest era of firm expansion in its history during the coming years.

The city invites and will welcome and cooperate with those firms and people who believe that character and economic soundness are paramount to mere size in development.

Projects Under Way, 1956

(1) Money has been appropriated for two new public schools.

(2) Plans are ready and the money available for the erection of a Museum at the City Park.

(3) The City of Burlington recently purchased property on E. Davis Street to be used for a new City Hall and other municipal facilities.

(4) Several projects are underway for the development of through streets to alleviate the traffic problem.

When You Want to Know:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in the City Directory.

Typical Questions

Your City Directory
Will Answer

ABOUT AN INDIVIDUAL

How does he spell his name? What is his middle initial?

Is he married? What is his wife's name?

Where does he live?

Does he own his home or rent?

Has he a telephone?

Who are his neighbors?

What does he do for a living?

Where does he work?

Is he the "head of the house" or a resident?

Does he own a business? Is he a member or officer?

Who else is in the same business or profession?

Is the woman single, married or a widow?

ABOUT YOUR CITY

What is the city's history?

What are the latest population figures?

What is the latest statistical and general civic information?

What are the leading industries and activities of the city?

What are the names and locations of the schools?

What are the churches and where located?

Who are the pastors of the churches?

What are the locations of the hospitals, homes and asylums?

ABOUT A LOCALITY

How is the quickest way to get there?

Who lives at a given address?

Is there a telephone at the address or nearby?

What is the character of the neighborhood?

Is it a "home-owners" section?

What is the nearest street corner?

What is the nearest store, church, school, garage, shopping center, parking lot, etc.?

Where are the public and office buildings?

If it is a business location, what business?

If an office building, what firms or professional people are in what rooms?

ABOUT A BUSINESS CONCERN

What is the nature of the business?

What is the correct name and address?

Is it a Proprietorship, Partnership or Corporation?

Who are the partners, owners, or officers?

Who else in same or similar lines?

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in boldface type denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson)

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

Last word in Safety First

4 EXCLUSIVE FEATURES . . .

★ SAFETY ★ COMFORT
★ MILEAGE ★ QUIETNESS

Revolutionary New

Never before has there been any tire like the new Armstrong Rhino-Flex Premium, featuring (1) New *Inter-locking Tread*—the first tread in tire history that takes hold in all directions. (2) New *Uni-Cushion Contour* for easier steering, longer, more even wear. (3) New *Intra-Tread Bumpers* make this the first non-squeal tire. (4) New Patented *Silent Traction Design* eliminates sing and hum.

ARMSTRONG
Rhino Flex
PREMIUM

Unconditional Guarantee

. . . exclusive protection for the life of your car, this unprecedented Guarantee ends your tire worries.

DO YOUR EMPLOYERS FURNISH YOU WITH THE LATEST EDITION OF THE CITY DIRECTORY?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Mr. Citizen! . . . . . .

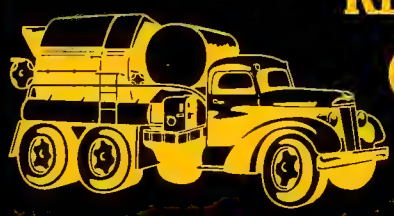

Correct Information Is Valuable to You!

¶Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

A STATEMENT OF ADVERTISING PRINCIPLES

1. **Good Advertising** ~~ aims to inform the consumer and help him to buy more intelligently.

2. **Good Advertising** ~~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. **Good Advertising** ~~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. **Good Advertising** ~~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Advertising Federation of America

(Your Directory publishers fully subscribe to the principles set forth in this statement)

FUNERAL DIRECTORS

PRE-ARRANGEMENT AND ADVISORY SERVICES

Experience has proved to many people that information in advance of need is very helpful. Many have made complete pre-need funeral arrangements. Rich & Thompson Prearrangement and Advisory services are available at any time. Our establishment and display room are open to you at any time and we are always available for counsel. Please feel free to use this service without obligation.

Also we have a complete low cost Funeral Expense Plan, underwritten by The Allied Life Insurance Co. of Charlotte, available to persons up to 70 years of age, in amounts from $300 to $1000. We are co-sponsors of the North State Mutual Funeral Association with benefits up to $200.

WHY A BUYERS' GUIDE?

IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

★ The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED ★

CAUTION....

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Don't Use an Old Directory!

One Address taken from an old Directory may send you miles out of the way and waste a whole day's time. You take pride in keeping a fresh stock of merchandise on your shelves—

Why not avail yourself of fresh information for your daily use?

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

☆

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

J. C. HARRIS LUMBER CO.

Your City Directory has
HUNDREDS OF USES AND APPLICATIONS

BUYING

Learning new sources of supply.
Keeping up with known sources of supply.
Checking on the record of firms from which you buy as to dependability, stability, etc.

SELLING *(Including market analysis and sales promotion)*

Locating new markets.
Maintaining up-to-date mailing lists.
Analyzing the buying power of a community or street.
Routing salesmen to avoid lost motion in reaching prospects.
Locating residents of hotels and apartment buildings, many of whom are listed nowhere else.
Identifying names and titles of officials, for use of salesmen.

CREDIT REFERENCE *(and Collections)*

Running down delinquent debtors.
Checking credit applications as to address, moving habits, names of employers, stability of employment, family status, neighbors, whether owner or renter, etc.
Identifying persons of same or similar names.
Investigating cases in welfare, charitable, social service and legal work.

DELIVERY *Communication, Mailing, Etc.*

Routing deliveries.
Reducing dead letters and insuring more complete delivery of mail.
Effecting delivery of messages and parcels erroneously or defectively addressed.
Correcting names and titles.

LAW ENFORCEMENT *Criminal Detection and Apprehension*

Tripping bad-check passers.
Deciphering illegible signatures.
Guarding against habitual bill dodgers.
Tracing heirs and witnesses, settling estates, and establishing facts as of a certain date.

HILL'S BURLINGTON

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

Including Alamance, Elon College, Glendale, Graham, Haw River and Hopedale

1956

Copyright, 1956, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both side of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"Yellow Section" or Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.

ELON COLLEGE
